Nashik, Maharashtra, India

OBJECTIVE

Third-year IT student with hands-on experience in MERN stack and AI-integrated applications. Focused on building scalable systems involving APIs, authentication, and data-driven platforms.

EDUCATION

- Bachelor of Engineering in Information Technology** 2023 – Present
MVP KBT College of Engineering, Nashik (SPPU) Nashik, MH

PROJECTS

- VertexJob – AI-Powered Job Recruitment Platform** 2025
MERN Stack, Gemini API
 - **AI Integration:** Implemented resume parsing, ATS scoring, and skill extraction using Gemini API
 - **Backend Development:** Built REST APIs using Node.js and Express for job workflows and user management
 - **Authentication:** Integrated Google and GitHub OAuth login
 - **System Design:** Implemented RBAC for Admin, Recruiter, and User roles
 - **Features:** Added email notifications (signup, job alerts) using Nodemailer
- Ascend – Student Activity Management System (SIH Project)** 2025
MERN Stack, AI Integration
 - **Leadership:** Led a team of 6 and worked as a full-stack developer
 - **System Design:** Built centralized platform for managing student academic and extracurricular records
 - **Dashboard:** Developed admin panel for monitoring student data (AICTE/NAAC use case)
 - **AI Features:** Integrated chatbot and recommendation system for activity suggestions
- Wildlife Incident Reporting System (Prototype)** 2025
React, Node.js, MongoDB
 - **Concept:** Designed a prototype system for reporting wildlife incidents such as poaching and human-wildlife conflict
 - **Data Handling:** Implemented structured data collection and database schema for incident tracking
 - **Impact:** Proposed solution to support NGOs and forest authorities in monitoring conservation issues

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, React
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, Firebase, Supabase
- **Concepts:** REST APIs, OAuth, RBAC, API Integration
- **Tools:** Git, VS Code, Nodemailer

INTERESTS

Technology for social impact | Wildlife conservation | Full-stack development
